Code Green – Evacuation Policy #: XVIII-E-10.00

POLICY:

The Home will activate the Code Green Evacuation Plan upon direction from Emergency Services or the Incident Manager (RN in Charge) or designate.

PROCEDURE:

The Administrator will:

- 1) Ensure evacuation supplies are inspected regularly for functionality, expired dates, and restocking as needed.
- 2) Ensure emergency/evacuation supplies are kept in an accessible, secure location(s) that all team members are aware of and can easily access.

The Incident Manager (RN in Charge) or designate will:

- 1) Activate the Evacuation Plan as required to respond to the emergency situation.
- 2) Notify Ward Clerk to announce Code Green, including identification of the area affected.
- 3) Complete the Incident Manager Evacuation Checklist during the evacuation process.

All Team Members will:

- 1) Upon hearing Code Green announced, follow procedures related to the type of evacuation.
- 2) Take direction from the Incident Manager (RN in Charge) or designate.
