OUTBREAK/EPIDEMIC/PANDEMIC SUPPLIES – Policy # XVIII-P-10.00(c)

Preparing for and responding to an outbreak, epidemic, or pandemic requires critical supplies outlined below. The Home should determine its par supply (daily usage) and use a risk factor to calculate minimum quantities to have on hand; consider increased usage when calculating this (e.g. more frequent cleaning).

In addition, supplies for which demand will surge once there are positive cases should be identified and minimum quantities account for this (e.g. disposable cutlery).

Authorities may require reporting of inventory on hand for critical supplies (PPE, ABHR, etc.) – ensure processes are in place.

Sienna Regional Hubs are available to access additional supplies in the event of an outbreak.

Note: Recommended quantities serve as guidelines.

PPE SUPPLY

Category	Supplies	Recommended Min. Quantity
PPE	Surgical Masks	14-day supply
	N95 respirators	14-day supply
	Gloves (all sizes)	14-day supply
	Gowns – reusable and disposable (all sizes)	14-day supply
